Kid's Korner

Have you ever seen snow in June? Lance Nyman spent three weeks of his summer vacation visiting New Zealand and Australia. While in Christchurch, New Zealand he saw snow in June, and the glaciers of Mt. Cook. In Sydney, Australia he visited the zoo and aquarium to see all the different types of animals from that part of the world. He also spent three days in Karins, Australia where he snorkled over the Great Barrier Reef and rode a train through a tropical rain forest. Quite an adventure for someone ten years old, would'nt you say "Mate"?

If you are interested in sharing something special in Kid's Korner, call 399-3754. We'd love to hear from you.
