Now is the perfect time to purchase a memorial brick, a timeless tribute to a friend or family member whose life has been touched by cancer. The deadline for brick orders is July 18th. Bricks ordered by this time will be included in the annual memorial brick dedication ceremony in September. Great Fun At Summer Kick-Off On June 7th!

Thank you to all who participated as a volunteer or attendee. The Summer Kick-Off was a wonderful time and the kids enjoyed their ice cream treats tremendously!

Another Eventful Historic Yard Sale!

The 2014 Yard Sale of Historic Proportions had more than 45 homes participating this year on June 21, and it made for a really fun time! Despite looming thunderstorms and threatening rain clouds, intrepid shoppers still turned out and found incredible bargains! And the treasures that were not claimed by the end of the day were donated by their generous owners to Habitat for Humanity, so these items can do good in the community, rather than filling up a dumpster! Thank you to all involved!

Open House to Discuss New Coastal Flood Maps

Flooding is the number one natural disaster in the United States; it is vital for property owners to understand their risk, and take advantage of tools and programs available to them, including flood insurance, to help reduce flooding impacts. FIRMs provide the basis for flood risk education and floodplain management measures. The City is required to adopt updated maps to continue participating in the National Flood Insurance Program (NFIP), which makes flood insurance available to the community.

Some buildings in the City may be included in a high-risk flood zone due to the changes, and this may result in mandatory purchase of flood insurance for those property owners who are affected.

The City will hold a public Coastal Flood Risk Open House on the updates at The Pavilion at Bide-A-Wee (1 Bide-A-Wee Drive) on Wednesday, July 9th from 4:30pm-7:30pm.

Representatives from the State, the City, and FEMA, will be available to answer flood risk and insurance questions, and explain the preliminary maps. Residents with questions can contact the Department of Neighborhood Advancement at 757-393-8522. Additional information is available online at <http://www.portsmouthva.gov/dna/flood-program.aspx>
